Our delivery partner George Leslie will be carrying out this work on our behalf.

# Taking care of your water supply in Liberton

## What we are doing

We are conducting surveys of the network in your street in order to identify possible future work to the water network. This requires **closing a section of your street to all vehicles.**

## When are we doing it

**Work will start in Kirkgate between Number 6 and Number 10 Kirkgate, Sun 29 March and last seven days.**

## What happens next

- Your water supply and drainage services from your kitchen and bathroom will not be affected by our work.
- Traffic Management will begin to be setup on the evening of Sunday 29 March for our site team to arrive, who will work Mon – Fri with the traffic management removed on Sat 4 April.
- Pedestrian access to properties will be maintained, **however no vehicles or parking will be permitted within the road closure area.** Please follow all signs put in place.
- Your refuse collections with Council will remain unchanged, please continue to operate as normal as our site team will maintain their collection within the road closure.

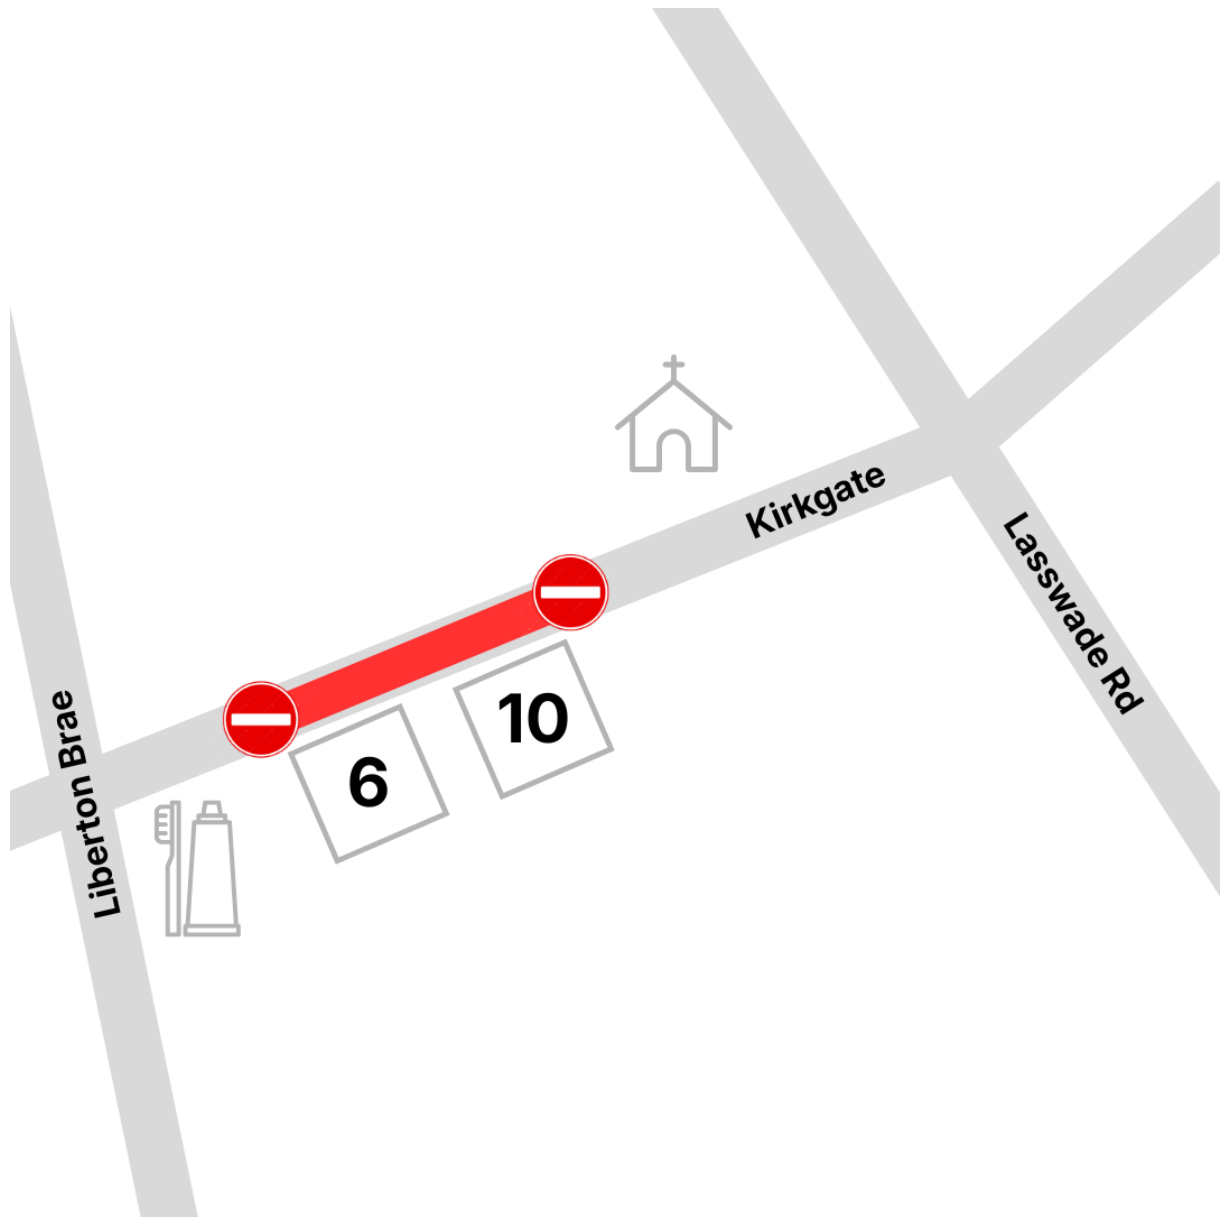

Thank you for your patience and understanding while we complete this essential work.

Callum Hunter  
Communication Manager
