Taking care of your water supply in Liberton

What we are doing

We are conducting surveys of the network near your street in order to identify possible future work to the water network. This requires **closing a lane of traffic on Gilmerton Road and using temporary lights.**

When are we doing it

Work will start in Gilmerton Road on Sun 12 April and last until Sat 18 April.

What happens next

- Your water supply and drainage services from your kitchen and bathroom will not be affected by our work.
- Traffic Management will begin to be setup on the evening of Sun 12 April for our site team to arrive, who will work Mon – Fri with the traffic management removed on Sat 18 April.
- Pedestrian access to properties will be maintained, **however no vehicles or cyclists will be permitted within the lane closure area.** Please follow all signs put in place.
- Your refuse collections with Council will remain unchanged, please continue to operate as normal as our site team will maintain their collection within the road closure.

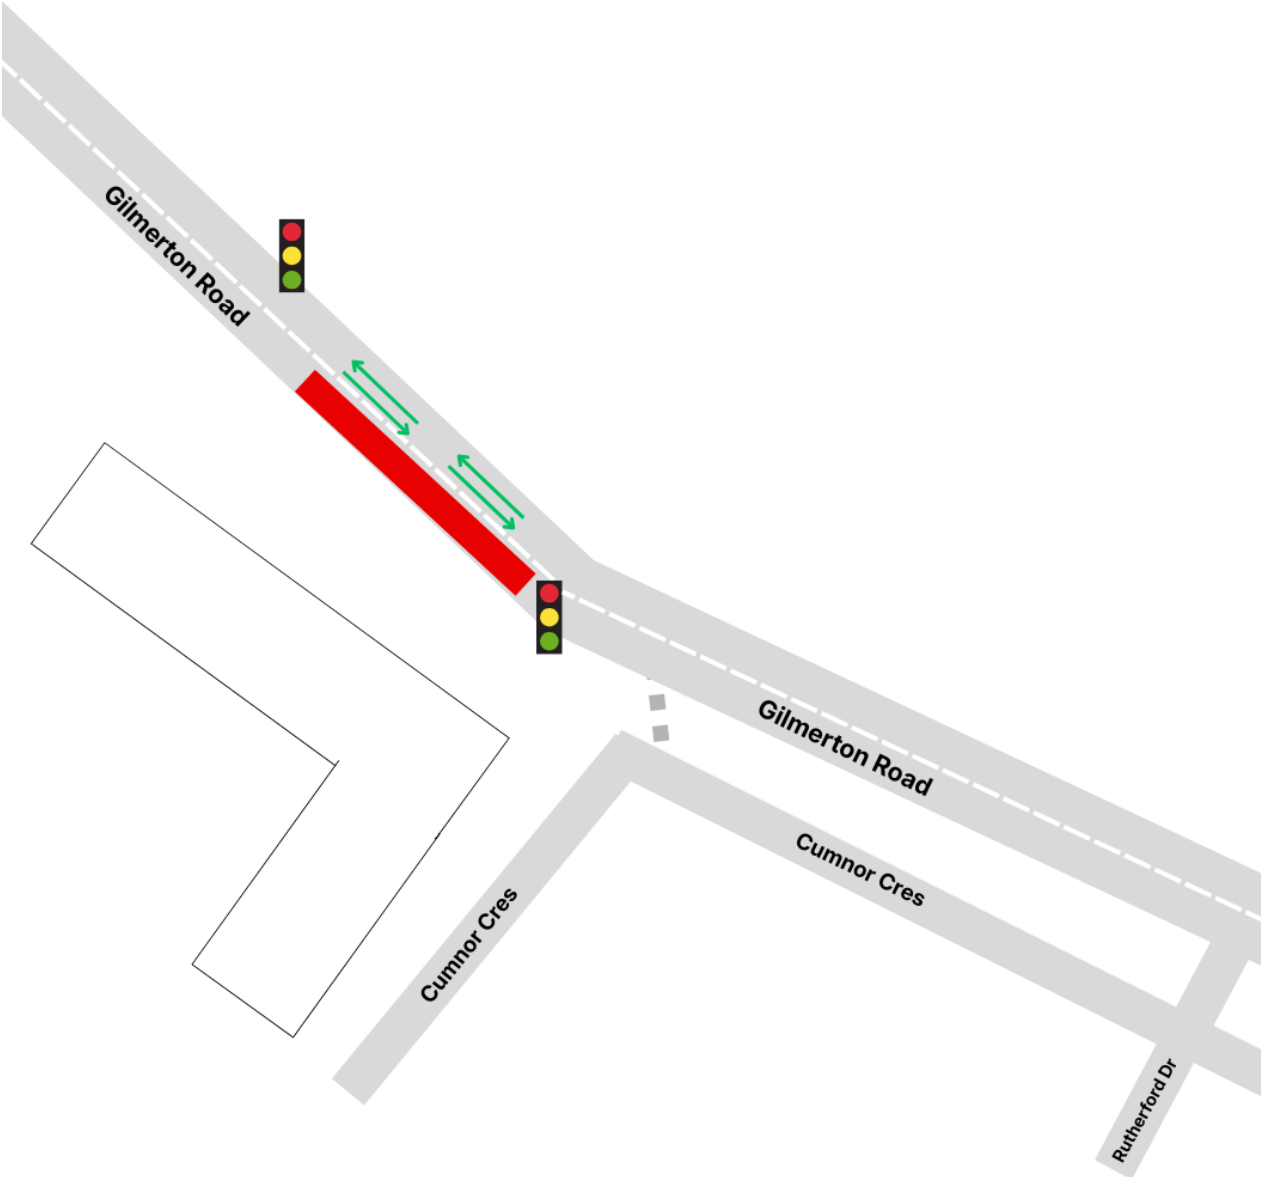

Thank you for your patience and understanding while we complete this essential work.

Callum Hunter
Communication Manager
