

26th August 2026

Project reference

Monklands/Horizons

This work is being carried out by Scottish Water's commercial subsidiary, Scottish Water Horizons, and contractor Mackenzie Construction.

Taking care of your sewer network in Airdrie

What we are doing

We are taking care of the sewer network in your community by upgrading the existing sewer network to support future development and reduce the risk of sewer flooding. The work will take place on land next to St David's Drive.

When are we doing it

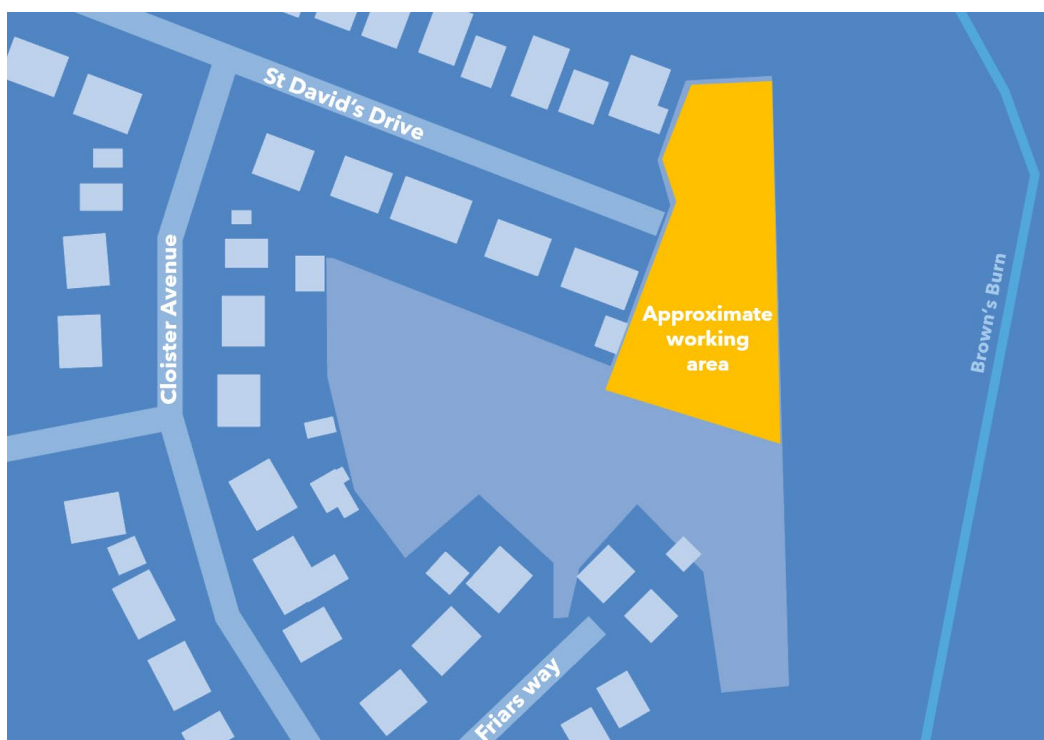

Sewer upgrade work is taking place on the grassy area next to domestic properties in St David's Drive from Monday 14th September for approximately 10 weeks

What happens next

- Sewer upgrade work is taking place on a grassy area with a public access path next to domestic properties in St David's Drive. An illustration of the approximate working area is shown on the other side of this letter.
- The work is due to commence from Monday 14th September for approximately 10 weeks. Working hours will be between 08:00am and 17:00pm, Monday to Friday.
- The rough path to the wooded area will not be available during the work.
- Machinery and vehicles will be stored within the compound to minimise road traffic.
- The land will be reinstated to original condition upon completion of the work.
- Your water and waste water services should not be affected by our work.
- This work is part of a large sewer upgrade programme and further information is available at: www.scottishwater.co.uk/monklands
